

Make and Takes

Make and Take classes are free and offered by our staff the first week of December. Come participate in one or all. You will have fun and have a finished project when you leave.

Please sign-up for the classes so that we can be sure to have kits, patterns and supplies available for the classes. Some classes require the purchase of a pattern or kit.

We will have a limited number of sewing machines and general sewing supplies available for use during the classes. If you would like, you can bring your own sewing machine.
